PIM'S 1955 CATALOGUE
THE STAMPS OF NEW ZEALAND

This sixth edition of Pim's Catalogue becomes available in the year in which New Zealand commemorates the issue of N.Z.'s first adhesive stamp. This edition lists every major variety known but does not include varieties of a minor nature in this 197-page Catalogue. Many issues have shown a marked increase, in particular the "local" issue of the Pigeon Post. The early issues covering the "Chalon Heads" of 1855 to 1872 include more than 160 alternations, all increases, and again this is due to the increasing demand for these issues.

This catalogue is the last word for stamp collectors interested in New Zealand stamps. 7" by 10", hard-bound cover with coated stock pages, provides wonderful illustrations, well described and edited to make the collecting of these stamps more interesting to all.

With each order, we shall give you a free copy of "100 Years of Postages 1855-1955" as printed especially for this great year for New Zealand by the printers of New Zealand stamps, Thomas De La Rue & Co. Ltd., of England. A handsome 24-page booklet which gives interesting stories of N.Z.'s stamps and re-produces in full cover some of the most beautiful stamps, giving the historical background of the stamps as well. This booklet is well worth the price of the Pim's Catalogue alone.

Both items sent post paid at
$3.00

THE POSTAGE STAMPS OF SWITZERLAND

A large 9¼" by 12½", 86-page magazine. This publication was printed by the Switzerland Government press as only Switzerland can print attractive publications in the true to life colours. Published in May of 1947 in tribute to the Centennial of United States stamps and for the Centenary International Philatelic Exhibition, This magazine sold for $1.00 on the floor of the "CIFEX", the 4th International Philatelic Exhibition held in New York City, May 27-28, 1947.

The remainder of the magazines were purchased by Mr. Fred Jarrett, R.D.P., P.C.P.S. (Roll of Distinguished Philatelists), at the close of the show in New York from the Switzerland Government. All are fresh copies, still in their original packages, ready to be sent to you. We have only remaining stock of this item.

This magazine contains illustrations and re-productions that you will value as a reference guide for years to come. Well illustrated, it shows how the stamps of Switzerland are printed with large illustrations of the stamp presses, steel dies and all processes in the printing of stamps. A specially hand-cancelled stamp is inserted on a souvenir sheet containing the 10c of 1947 showing the Motor Coach Post Office, Scott's No. 307.

As a special favour to our readers, we are selling out the remainder of our stock of this interesting item at just
50c plus 10c postage.

The C.P.S. In The West

IT WAS A CASE of Veni and Vidi, but not Viel, for I did not conquer but was conquered. The way I was received and feted by our Western friends was somewhat overwhelming and at times left me almost speechless. I am giving a short, very short, résumé of my visit to the various Chapters and Clubs from Port Arthur on.

Lakehead Philatelic Association—I found in Port Arthur a lively and progressive Club, even though they are temporarily out of a home, owing to H.C.M.S. Griffon in Fort William being unavailable this season. Bert Forster, President, Joe Hughes, Past President, and the Rev. W. D. Tritis, received me royally and certainly took me around. I met some 15 or 16 members of the Club at Joe Hughes house and had a really pleasant evening. Incidentally, the Rev. Tritis is an old Edmonton man and a friend of our Vice-President W. A. Teare, of Victoria.

Regina Philatelic Society—I was duly welcomed in Regina by our worthy director, Ron Doxsee, who introduced me to the club at the Y.M.C.A. Some 20 members were present and it is quite obvious that the Regina P.S. is a very prosperous club.

Medicine Hat Philatelic Society—The President of the Medicine Hat P.S., Carl Sillak, gave me a very pleasant welcome indeed and after showing me a couple of ingenious inventions of his which would be exceedingly useful to any collector, we went around to the City Hall for a meeting of the Club. Carl Sillack is, unfortunately in very poor health, and has had difficulty in getting someone to replace him. However, I was glad to note, before I left, that a new President, F. McQueen, and Secretary had been elected, and I am certain that with new pilots at the helm, the Medicine Hat P.S. is on the way to prosperity.

Calgary Philatelic Society—One of our oldest members in Calgary, A. G. Robinson, and Mrs. Robinson, kindly piloted me around the bustling city of Calgary and after dinner took me along to a meeting of the Calgary Philatelic Society at the Mount Royal College Library. I was delighted to discover that the President, S. T. Richardson, is an ex-member of my own Club, the North Toronto S.C. I discovered a kindred soul in Mr. Chisholm and also that Mrs. Robinson was a collector in her own right, and an enthusiastic collector of B.W.I. The Calgary P.S. is a good live club, with well diversified interests.

Columbia Philatelic Society—From Calgary, I flew to Castlegar, thence to Trail in a comfortable Cadillac. I was met by Jack Harrison, secretary of the Columbia P.S. and Syd Spooner. I learnt with regret that the President, Rozzell Smith, was in bed with the flu and unable to attend the meeting which took place later on in the evening. Jack Harrison certainly took me around the neighborhood of Trail and showed me all the interesting points of the Columbia Valley, as far as the U.S. border. We had a wonderful dinner and meeting at the Kootenay Hotel. Incidentally, to show that my thoughts are not entirely philatelic, I enjoyed there one of the best onion soups I have ever had in Canada. After the dinner, which was attended by some 25 members of the Columbia P.S., I was presented with "Earnie", a small elephant cast out of cadmium, presented to distinguished visitors. After dinner, we adjourned to Jim Rogers' home where I saw some remarkable Canada officials and other stamps. The Columbia P.S. is a real live club and I was glad to note that there is good diversification.

Another plane journey from Castlegar brought me to Vancouver, where I met Stuart Johnstone, our regional director in Vancouver, with whom I had a pleasant chat over a cup of coffee, while awaiting the departure of the Victoria plane.

Greater Victoria Philatelic Society—Thanks to our worthy Vice-President, Arthur Teare, I had a really remarkable stay in Victoria. With the president of the Greater Victoria P.S., C. A. Wildig, I attended (Continued on page 5)
Postage Stamps of N.S.W. and Postal Services In Non-Australian Pacific Island Groups

PART 1: INTRODUCTION.
The growth of the General Post Office at Sydney as the main point of mail exchange for correspondence between the scattered island residents of the British Solomon Islands, New Hebrides, Gilbert and Ellice Islands and New Caledonia commenced at the time the first white pioneers were permanently establishing themselves in mission stations and trading posts in the groups named. Because practically all mails from and to those islands were routed through Sydney, the New South Wales Post Office Department gradually evolved a postal system which catered broadly for residents in those nearer island groups, where postal facilities were either completely lacking or had not progressed sufficiently to provide an adequate service. The system was not, even at its most advanced stage, a formal procedure laid down by regulation and its operation was subject to constant variation because of unstable factors.

The significant features of the Pacific mail services, as controlled from Sydney, were the availability and regularity of transport, the routes and points touched by mail-carrying vessels, the classes of mails which could be carried, the composition or make-up of the mails and, particularly in regard to postal articles from the islands, the methods to be recognized in respect to the prepayment of postage. This last aspect is the main subject of this article but as its consideration is affected by contemporary events these will be introduced as found relevant.

Prepayment of Postage Generally
Distinctive officially authorized postage stamps were first issued in New Caledonia in 1860; British Solomon Islands in 1907; New Hebrides in 1908 and the Gilbert and Ellice Islands in 1911. Excluding New Caledonia, which will be considered separately, the postal position in regard to the other three island groups was that, from the time of the first white settlements, the islanders had either to arrange to have cash lodged with the letters on arrival at the General Post Office, Sydney, to enable the requisite stamps to be affixed and further transmission effected, or to acquire and affix to letters postage stamps acceptable to the New South Wales post office. For many years the former method was the usual procedure but, as island settlement increased, it became the practice of Government officials and residents in the islands having to have on hand supplies of New South Wales stamps. This practice developed first in New Caledonia, for reasons which will be explained in some detail later.

The availability of New South Wales postage stamps in the islands therefore first came about purely by local arrangement and was not the result of Post Office directives. Later, following the establishment of a New South Wales postal agency in the New Hebrides, some directives were issues regarding the use of New South Wales stamps in that group but similar action was not taken in regard to the other island territories. The Post Office was quite aware that the appointment of postal agents might have political repercussions.

Summarized, New South Wales stamps were available over varying periods in certain island groups but ceased to be required after adequate local postal facilities were provided. It may be emphasized, however, that while New South Wales stamps were regularly on
hand over differing periods in various islands they were not held, except in the New Hebrides, for local mail use. They were utilized for postage on articles intended to pass through the General Post Office in Sydney and while undoubtedly they were employed on some occasions to frank letters passing from island to island with territorial groups, such as the British Solomons, their use for this purpose would be exceptional as such letters could be carried only by private arrangements with officers or members of ships' companies.

PART II: BRITISH SOLOMON ISLANDS

The South Solomon Islands became a British Protectorate in 1893. At that time there were comparatively few white residents in the group and the usual method of handling postal articles at the G.P.O., Sydney, addressed to residents in the Protectorate was for all articles to be enclosed in a sealed bag, labelled "Solomon Islands," and delivered to the purser of a vessel proceeding to the islands. On arrival, the purser opened the bag and distributed the mail as opportunity offered.

Letters from residents were handed to purser's on outgoing vessels and were either franked with New South Wales stamps, if the resident possessed them, or were accompanied by cash to cover the cost of the stamps to be affixed when the vessel returned to Sydney.

Part II: British Solomon Islands

One aspect which caused considerable difficulty for several years was the delivery in the islands of registered letters when the person or persons to whom they were addressed did not attend at the ship's side to sign the official receipts. Eventually, on the 18th August, 1903, the Australian Postmaster-General of the day decided that registered letters addressed to the British Solomon Islands would not in future be accepted for transmission. This decision was communicated to the Universal Postal Bureau, Berne, which informed member-countries of the Universal Postal Union but, despite the prohibition, registered letters addressed to the Solomons accepted by the post office clerks in various countries continued to reach the General Post Office at Sydney and caused continuous administrative difficulties.

The Department thought that the registered letter problem had been overcome two years later when, on the 14th September, 1905, it accepted the offer of the then Resident British Commissioner in the Solomon Islands Protectorate (Mr. Arthur Oliphant) to receive all registered letters addressed to residents, sign official receipts and arrange for their subsequent safe delivery. However, as Mr. Oliphant very shortly afterwards relinquished the position the arrangement was not carried out. Not until 1907 was the position regarding registered letter delivery improved as in that year a private mail bag was provided for the Resident Commissioner and all registered letters for island residents there enclosed.

As there was no registered mail service from the British Solomon Islands, the earlier arrangements still prevailed. Letters intended for registration had to be forwarded in the usual way to Sydney, accompanied by the requisite amount in cash (or affixed New South Wales stamps) to cover postage and registration costs from Sydney.

Handling of Ordinary Mail

In regard to the carriage of ordinary mail from Sydney to the Solomons, two separate bags were made up as from September, 1904. One, containing articles for residents of Gizo, was addressed to the Resident Magistrate at Gizo, who undertook to deliver its contents. The other bag for residents elsewhere in the Solomon Islands continued to be under the Commissioner at Tulagi, was introduced in 1907.

Following Mr. Oliphant's retirement in 1905, Mr. T. W. Edgeportington became Acting Resident Commissioner for a short period until he was succeeded by Mr. Charles M. Woodford, who had been a resident of the islands since 1897. (To be continued in next issue)
a meeting of the Club at which at least forty people were present and
where great philatelic activity was evident. It was a most enjoyable
evening. I met Alec Hall, president of the Vancouver Island P.S., C. J.
Richards, secretary of the Greater Victoria P.S., a couple of compatriots,
M. and Mme. Trumandeau, a compatriot of our good friend Max Cohen,
Merv. Weyneton, from Australia, and many others. The next day, I
visited what must surely be one of the most beautiful spots in the world.
Butchart Gardens, in the company of Arthur Teare and Mr. Wildig.
After, I was passed across to P. W. Mason, who took me to lunch and
a ride around and then to his home to see a lovely garden and a very
fine collection of B.W.I. Before leaving Victoria, I called on two dealers,
Russell Stamp Shop and Reg. Nairne, and picked up a few interesting
little items and from Reg Nairne, a promise of some Tibet covers if he
received them back from a prospective client in San Francisco (They
were awaiting me when I arrived home!)

Vancouver—My stay in Victoria came all too quickly to an end and
I was on my way to Nanaimo, passing on the way Gerry Wellburn’s
home town, Duncan, thence by ferry to the Queen City of the Pacific
Coast, Vancouver, where I was met by a most genial host, Stuart John-
stone, our Regional Director in Vancouver. He took me to his home for
dinner and after, showed me one of the finest collections of Canada I
have ever seen, including such treasures as a copy of a recently acquired
copy of the Twelvemenny Black. To enumerate all that Stuart did for
me in Vancouver would be impossible, but I certainly saw more of the
city and its surroundings in two days than the average tourist sees in a
week. I had dinner with the “21” Club, a gathering of collectors meeting
once a month for dinner and a talk. There is no president nor secretary,
and every one takes the chair in turn and gives a talk on some facet of
philately with which he is acquainted. The night I was there, Harry
Bradshaw was in the chair and gave a most interesting discourse on
Japan, showing some forty or fifty pages of the exhibit that won the
Grand Award at the S.P.S. Convention in San Francisco last year. I
managed to visit a couple of old Toronto friends and also some of the
city’s dealers. I have been hearing of the Stanley Stamp Co. for quite
a long time and finally met the Eatons and found them as described to
me, both, father and son, charming gentlemen and great professional
philatelists. I also called on Fred Langer. I missed the Armstrong bus
on the day of my departure so had an extra half-day in Vancouver and
visited the All-Nations Stamp Shop on Homer St., where I had extra-
ordinary good fortune of picking up some Half-centime newspaper sur-
charges of France, described in a number of the Philatelic Magazine
which I read in the train on leaving home and of which I had never heard
before! I am beginning to think that I am blessed with serendipity!

I had lunch with Gerry Ketcheson, president of the British Columbia
Philatelic Society and at his home saw a remarkable collection of China,
New South Wales and Western Australia. The British Columbia P.S. is
in none too good a situation at present, owing to some unfortunate
occurrences, but I am confident that it will soon be out of the doldrums
and as active and progressive as ever. Such a fine old club can not
long remain in the dumps.

Kamloops Stamp Club—To my great regret, I missed the Armstrong
bus, owing to the stupidity of a clerk at the Bus terminal, who omitted
to inform me that the bus time was in the process of being changed, so
could not stay the night with Bob Duncan, as planned, and had to pro-
ceed directly to Kamloops, where I was met by several members of the
Kamloops Stamp Club in spite of the late hour, and taken around to Dr.
Burns’ home, where we had coffee and chatted into the wee sma’ hours.
The Kamloops club has a human dynamo for a Secretary, Frank Torre-
giani, and the way that man took me around Kamloops was nobody’s
business! I really saw the place and met a host of philatelists, Mrs. Veale,
the President, Dr. Burns, Vice-President, Dr. Banno, our old member
Ashton Hodgson and many others. A splendid banquet took place at the Leland Hotel, where some fifty or more people were present, and where I heard an interesting talk by Mr. Walburn, of Precancel fame. The Kamloops is a real live club and will go a long way.

**Edmonton Stamp Club**—I was met in Edmonton by the president of the Edmonton Stamp Club, F. N. Harris, E. C. Powell, one of our oldest members there and Harris Macleod, a great Canadian collector. Driven by Frank Harris' charming daughter, I must have driven much more than 50 miles in that dynamic city and it certainly is a boom place. Noted however, that with their tremendously wide streets, they still have traffic problems and parking is just as painful as our older cities in the East! I had a delightful dinner at the Corona Hotel with eight or nine members of the Edmonton Club and also had the pleasure of meeting another ex-North Toronto member, in the person of Stewart Kenyon, secretary of the Edmonton Club.

**Saskatoon Stamp Club**—I met W. I. Fawcett, secretary of the Saskatoon, and we had a meeting at the Y.M.C.A. where five members of the Club turned out. This was better than it sounds, for it was Sunday and the Thanksgiving Weekend. Anyway, I spent a very pleasant afternoon.

**Winnipeg Philatelic Society**—And finally, I arrived in Winnipeg, the birthplace of the Canadian Philatelic Society, where I had been forewarned, I was going to find terrible hostility against the Society. Malarkey! I enjoyed myself in Winnipeg as well as any other place on my tour. The way Russell Burr, President of the Winnipeg P.S., Harry Godard, and others received me was heartwarming. The latter took me around the City, including a visit to K. Bileski's home, a real show place, surely one of the most pleasant places one could have to work and study stamps. Harry also took me home and showed me, over a cup of coffee, a most amazing accumulation of Canada. I attended a meeting of the Winnipeg P.S. and who should I bump into, in the elevator, but our old friend Bob Woolley, complete with his new "Perfin" handbook in his hand! The meeting was well attended and I had a barrage of questions to answer, but I hope, and sincerely believe, that I thoroughly cleared the air and that the Winnipeg Philatelic Society will shortly become Chapter No. 45.

That concluded by visits and it only remained for me to go home. To say that I enjoyed my trip would be a churchillian understatement! As I have already said, it was overwhelming, but it certainly was a delight to me to find the C.P.S. stock in such high standing everywhere. I am very hopeful that besides Winnipeg, Calgary, Vancouver Island and Kamloops will soon become Chapters of the Society. The only sour note I encountered was in New Westminster where I was told that the Royal City Stamp Club had no wish to have any connection whatsoever with the Canadian Philatelic Society and not the slightest desire to meet its President. Needless to say, I did not insist, but I do hope that before many moons have passed, this sorry state of mind will have passed.

I feel that my visit was worthwhile. I do hope I have succeeded in my object, proving to our Western friends that the "C" in C.P.S. means "Canadian" and that while we at Headquarters may live in the East, we do not think in terms of the East only, but always have in mind the interests of collectors all over Canada, from the Atlantic to the Pacific. If I have, then my journey was amply repaid.

In conclusion, there remains to me but to thank all the kind people who did so much for me. I cannot mention everyone, but I feel that I must single out our directors, Ron Doxsee, Arthur Teare and Stuart Johnstone, for the manner in which they paved the way for me. With its interests in the hands of such good and capable men, the Society can rest easy and I hope most sincerely that they will continue to represent us for many years to come.

L. M. LAMOUROUX, President.
The Realm Of Stamps

By Montor

NOW that the new season is well under way after the summer recess members will be again hard at work on their stamps and it is not by any means too early to prepare now for the C.P.S. Convention and Exhibition which is being held in Windsor, Ont., on April 26, 27 and 28. This next C.P.S. show promises to be outstanding and the Windsor Y Stamp Club, who are hosts to the convention, have been busily engaged for some months in the preparation of their plans.

PLAN NOW TO SHOW AND ATTEND THE CONVENTION.

There is no doubt that stamp collecting is gaining in popularity and every member should give Cyril Woodhead their support in bringing in new members to the Society. It is only by increasing the membership substantially that an enlarged “Canadian Philatelist” can be produced. There are literally hundreds of thousands of people in Canada who are stamp collectors—some eminent philatelists, other just ordinary general collectors—who take no part and give no support to organized philately. They would derive a great deal more pleasure and enjoyment from their hobby if they joined their local club in the first place and the C.P.S., their national society in the second place.

It is these bodies that shoulder the work and responsibility of putting on exhibitions, of publishing the hobby and of educating the children in stamp collecting. Surely they deserve a fuller measure of support.

So let every member get behind the Society’s membership campaign and interest their stamp collecting friends in joining the Canadian Philatelic Society. It is to everyone’s advantage to help build up the Society and this is the most practical way of doing it.

The British North America Philatelic Society’s Seventh Annual Convention and Exhibition “BNAPEX 55” held at the Hotel Statler, at Hartford, Connecticut, was a most successful and enjoyable affair. The Connecticut “Nutmeggers” Group acted as hosts under the chairmanship of Leon W. Banks and the arrangements made for the entertainment of the delegates were really excellent. Special mention should be made of the wonderful arrangements made by the ladies for the entertainment of the wives of out-of-town members who were taken on several most enjoyable tours in and around the city. The convention was well attended with States as far away as California and Florida being represented. There was a strong delegation from Toronto.

A special cancellation reading “BRITISH NORTH AMERICA PHILATELIC SOC. CN. STA. HARTFORD, CONN.” and date was used at the special post office at the Exhibition. Philately in the United States is indeed fortunate in having the full co-operation of the Post Office in matters as these.

As to the exhibition at Hartford it was not large but contained some fine B.N.A. material. The Grand Award was won by Harry W. Lussey (New Milford, N.J.), with his very fine display of the Admiral issue of Canada. Gold Medals were awarded to Daniel C. Myerson (Harrison, N.Y.), for a lovely display of the pence issues of Newfoundland, and to Marcus W. White (Worcester, Mass.), for his very fine essays and proofs of Canada and Newfoundland postal stationery.

Silver medals were won by Charles P.de Volpi (Montreal) for Stampless Covers and by Roy Wrigley (Vancouver, B.C.), for Canadian Officials. While Bronze Medals were awarded to Walter P. Carter (Willowdale, Ont.), for
3 cents Small Queens; George B. Llewellyn (Philadelphia, Pa.), for Stampless Covers; James T. Culhane (Morristown, Pa.), for Newfoundland; Wilmer C. Rockett (Glenside, Pa.), for Canadian Revenues and Harry O. Rex (Plainville, Conn.), for War Tax Stamps.

Next year's convention of the Society will be held in Toronto.

It has been announced that "FIPEX", which will be held from April 28 to May 6, 1956, in the New York Coliseum, will have four "First Days". The United States Post Office Department authorized the issuance of four different postal items during the exhibition.

These will include a 3-cents stamp, a souvenir sheet, a post card and an envelope, the latter probably an air mail.

"FIPEX" officials have also been assured by the United States Post Office Authorities that they will co-operate wholeheartedly to make this stamp exhibition a success from every standpoint. Participation by the Post Office Department in the exhibition itself will surpass that of any previous show.

It has also been announced that several Foreign Governments have already indicated that they have ambitious plans for participation in "FIPEX". It is anticipated that an unprecedented number of Foreign Governments will send exhibits, thus making it a truly international philatelic exhibition.

The Crown Agents announce that a second edition of the handbook "British Colonial Stamps in Current Use" is in preparation. The first edition was released in 1950. The new edition will contain about 150 pages with a map of the world bound into the book and will cover stamps placed on sale up to the end of October 1955.

Supplies are expected to be available in November from leading dealers in Canada and the United States or from the Crown Agents' office in Washington, D.C. The price will be $1 post free.

RECORD OF NEW ISSUES

CANADA. Two further stamps in the series commemorating the Prime Ministers of Canada will be issued on November 8. The 4 cents purple portrays the then Rt. Hon. Richard Bedford Bennett who was Prime Minister from August 7, 1930, to October 23, 1935, and the 5 cents blue depicts the Hon. Sir Charles Tupper who was Prime Minister from May 1, 1896, to July 8, 1896.

The stamps as illustrated above were designed from photographs supplied by the Public Archives of Canada and were engraved and printed by the Canadian Bank Note Company of Ottawa. They are of the same format as the previous stamps of this series and are printed from plates 1 and 2 and are being distributed in panes of 100 subjects.

WESTMOUNT JUNIOR STAMP CLUB HOLDS ELECTIONS

On Thursday, October 20, annual election of club officers took place.

Elected as president was Wayne Bungay. Dick Clements was voted vice-president. Re-elected to their previous posts were Helene Montreuil as treasurer and Daphne Decary as secretary. Steve Gilbert was elected membership whip succeeding Udo Tomson. These officers will be installed in their position on November 10.

Also of interest was the presentation of the Levine Memorial Trophy to the Junior Club on October 28. The presentation was made on behalf of Mrs. Levine by Mr. L. G. Buck, president of the senior club. The trophy is in memory of the late I. H. Levine, a member of the Westmount Stamp Club. It is to be awarded annually at the club banquet in June to the member contributing the most to the club.
Greetings! The following are a few items we have covered during the past few weeks. On October 22nd, President Lamoureux and Messrs. Woodhead, Green and Rushton drove to Belleville, Ont., to meet our new Chapter, The Quinte Stamp Club. We were met at the Hotel Quinte by its genial manager and Claude Hunt, secretary of the Quinte Club. Claude was a past member of the old Rosedale S.C., now the North Toronto S.C. After a nice dinner at the hotel we left to go to the Kiwanis Centre to meet some 70 members and friends. Introductions were made by Claude Hunt and then the C.P.S. entertained for an hour and a half and those who know Cyril Woodhead, well nuff sed. A fine time was had by all and thanks to the Quinte Stamp Club.

On October 26th we travelled to the Toronto Hydro Commission and gave a show to the Hydro S.C. This is a small club of some 15 members but a most enthusiastic one. Here again a fine evening was enjoyed by everyone.

On October 29th we hopped a slow freight to Kitchener, where at the Walper House we were serenaded by Bill Erbach who said to throw the Bums out, meaning Cyril and I. However, we were able to pop into St. John’s (Anglican) Church Hall in time to enjoy a Bourse. Later, 101 sat down to the Twentieth Birthday celebration of the Kitchener-Waterloo Philatelic Society. After Sherlock Holmes and Dr. Watson (this was Cyril and I) discovered Bill Erbach getting away with the sugar and silver and anything else that was within boarding house reach, we enjoyed a wonderful show. Hearty congratulations to the Kitchener officers for a fine party. We are looking forward to their 25th anniversary.

And now after some fun some-
	hing a little more serious. How about that MEMBERSHIP CAMPAIGN. Cyril Woodhead has some fine prizes, so won't you please help us. Read our advertisement in this issue. By helping us gain new members you are helping yourselves.

Your Secretary,
F. C. Green.

WESTMOUNT STAMP CLUB
The Rev. Dr. George F. Dewey gave a most interesting talk on the Small Queens Issue of Canada to a packed meeting of the Westmount Stamp Club on October 13. Dr. Dewey is particularly well qualified to speak on this subject as he is an acknowledged authority on the 2 cents value and has made an extensive study during the past 20 years of the stamps of this interesting issue.

At the close of his address he was warmly thanked by Mr. A. H. Christensen, on behalf of the members, for his most instructive discussion on these fascinating stamps.

LETTERS TO THE EDITOR

I notice in the September list of new issues on page 13, you record a "set of six semi-postals featuring famous Frenchmen issued for the benefit of the French Red Cross" etc.

As a topical collector of Red Cross I recently received a bulletin from Mr. Cyril Balmforth, Hon. Sec., Red Cross Study Circle in England, in which he refers to this issue as follows — "There is no Red Cross in the design and the Gibbons Catalogue describes the set as for National Relief Fund. They appear, therefore, not to be of the "A" class, but possibly of the "B" stamp status. Enquiry from France is being made," end of quote.

The Study Circle classify Red Cross stamps under the headings A and B as follows:

Class "A"—Stamps must fulfil one of the following conditions:
1. It should bear the Red Cross in the design or by overprint, or It should be imprinted on the margin of the sheet.
2. It should bear a surcharge for the Red Cross either totally or in part or
   It is issued without surcharge to propagate the Red Cross or to commemorate an anniversary or other event of the Society in its country or in memory of the founders.
3. It is available for usual postage, or as an obligatory stamp for use in their country for definite periods.

Class "B" — These include semi-officials, souvenir sheets, miniature sheets and any not falling within the provision of Class A.

C.P.S. members who are collectors of Red Cross will find the catalogue of the Red Cross Stamp Study Circle an invaluable aid in this topical field.

Further information cheerfully forwarded to those who request information, enclosing a stamped, self addressed envelope.
